Only ergonomic

# Big And Tall • Office Chair

Strong support for healthy and comfortable sitting. Timeless design, generous space and high comfort during all-day sitting. Suitable for big and tall users.

## Heavy Duty Collection

### 01. Air Lumbar Design : Good Support For The Waist.

Add or subtract the air to make a suitable lumbar support with pump on right side. It is easy to adjust the air lumbar, good support for the waist.

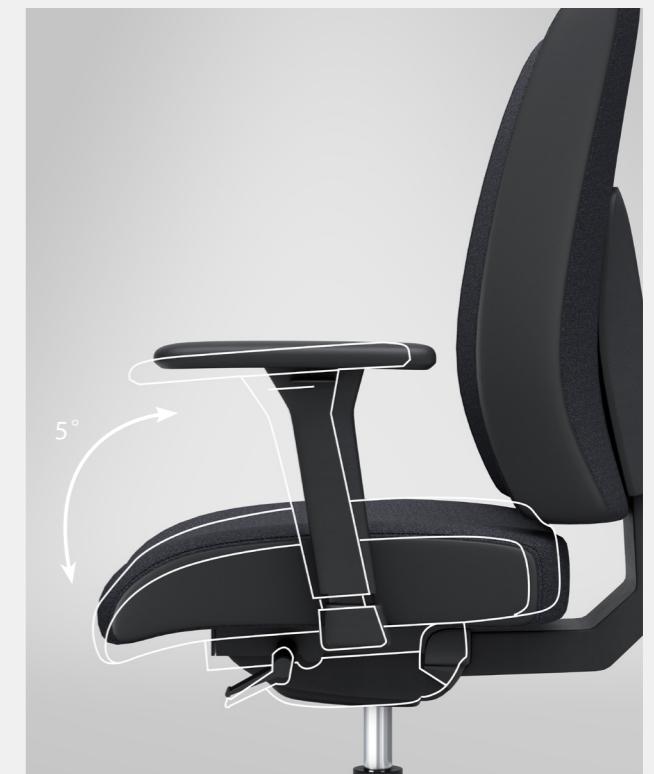

### 02. 4D Armrest Design

Arms are height adjustable, PU pad forward and backwardmovable, twistable and width adjustable. These armrests are made to lower or elevate the level of armrests, so your arms, shoulders and necks are prevented from any extra stress.

## More Reasons For Choosing Heavy Duty Collection - Multi-functional chair

### 03. Seat Design : Seat Angle Adjustment

Seat depth adjustment and seat front tilt function.Keeps your back in contact with the backrest while avoiding pressure behind your knees.

## Sturdy And Ergonomic Design

This chair is designed for 24 hours/7 days use in a variety of office applications.

It is built to withstand the intensive use of multi-shift environments. Versatile and durable, this high-back chair is well suited to continual use by various users and diversified tasks.

# Heavy Duty Seating: Best Office Chair For Heavy Person

## Ergonomic Challenges For Heavy, Tall, And Big & Tall Sizes, Best Office Chair for Heavy Person: Top Picks for Maximum Comfort and Support

Heavy duty office chairs are specifically designed for 24 hour use in mind so they are suitable for high traffic and heavy usage workspaces. These heavy duty computer chairs are manufactured with a larger and stronger frame with reinforced mechanism and bigger seating space to suit all body types and shapes.

We designed this chair with your comfort in mind. It provides real neck and back support as it mimics the normal curvature of the spine. It also promotes the proper sitting posture. Aside from adjustable lumbar support, the height and tilt tension may be adjusted, with tilt locking mechanism, letting you enjoy the most comfortable seating position, even when you spend hours sitting on it!

This range of office chairs are made of high quality, durable materials which enable it to support up to 400 lb of user weight. It has a premium Class-3 heavy duty gas lift with 120mm stroke, certified by TUV Rheinland. Exceptionally strong and perfect for both home and commercial use.
